

Why **isolved**™ Wins

Against Toast

Ask yourself the following:

- How important is scalability for your payroll solution?
- Are you experienced processing payroll and comfortable using a system that may be more complex to learn?
- Is responsive service from knowledgeable and experienced payroll specialists important to you?
- Have you experienced issues with inaccurate W2s or tax filings? Would you like to avoid that in the future?
- Are you concerned about employees clocking in and out for each other?
- Do you have any systems such as QuickBooks in place today that you want to keep?

How **isolved** is the better choice:

- **isolved** Payroll is core functionality rated #1 for payroll user experience and vendor satisfaction by actual users in the 23-24 Sapient Insights HR Systems Survey
- Exceptional service from payroll experts
